

The diagram illustrates the spatial distribution of four sampling locations across 12 sampling stations. The locations are grouped by color and labeled on the left:

- Tide Pool 1 (S1):** Yellow rectangles, located at stations 1, 2, and 3.
- Tide Pool 2 (S2):** Light green rectangles, located at stations 4, 5, and 6.
- Nearshore (N):** Teal rectangles, located at stations 7, 8, and 9.
- Field Blank:** Purple rectangles, located at stations 10, 11, and 12.
