

A horizontal bar chart consisting of 12 segments of equal length, arranged in a single row. The segments are colored in a sequence: 3 yellow, 4 green, 3 blue, and 2 purple. The colors transition from yellow on the left, through green, blue, and finally purple on the right.

A horizontal bar chart illustrating the distribution of 12 categories across three rows. The categories are represented by colored rounded rectangles: yellow (3), light green (4), teal (3), light blue (2), and purple (3). The first row contains all 12 categories, the second row contains the first 3 (yellow), and the third row contains the last 3 (purple).
